3. Requirements for consenting to and reporting home lead test and blood lead test results.

SALT LAKE COUNTY LEAD SAFE HOUSING PROGRAM
Income Disclosure

Participation in the Salt Lake County Lead Hazard Control Program is restricted to families that earn below 80% of the area median income. You must provide the program with proof of your family income so we can determine whether you qualify for the program. The following information is required for all family members over 18 years of age living in the home.

- Current Tax Return
- The last 2 months of pay stubs from all jobs
- The last 2 months of information on other income such as social security, disability, unemployment, rent, pension, alimony, and all other forms of income.

Other regular income provided to any other family members below 18 years of age, such as child support or social security benefits.

List family members living in the household over the age of 18 years

I certify that all income earned by the family-members listed above has been disclosed to the Salt Lake County Lead Hazard Control. If income information is not provided, it is because that individual does not earn income and does not file tax returns. I also certify that any additional income earned by family members below the age of 18 has been provided to the Salt Lake County Lead Hazard Control Program.

How did you hear about the program? _____

SALT LAKE COUNTY LEAD SAFE HOUSING PROGRAM
Homeowner Application and Agreement

The Salt Lake County Lead Safe Housing Program requires all lead hazard evaluation and control activities be carried out on homes constructed prior to 1978 that contain lead based paint hazards in order to participate in the program and to receive assistance.

I understand that ___ Salt Lake City ___ Housing Services of Utah will undertake lead based paint testing on my home. If the test results reveal lead based paint hazards, I understand that the scope of work will include the work necessary to make my home lead safe. Lead safe means that all lead based paint hazards in my home have been stabilized and that my home passed a certified lead clearance test upon completion of work. For my home to remain lead safe, I understand that I must properly maintain the treated areas in the future and monitor the non-treated areas containing lead that were not identified as a present hazard. I will receive a copy of the lead hazard control and clearance test within 15 days of their completion. I will follow the maintenance plan as submitted at the completion of the work.

I have received a copy of the pamphlet "Protect Your Family from Lead in Your Home" _____
initial

The interviewer has discussed the hazards of lead based paint with me and we have reviewed each item listed above.

The applicant(s)/owner(s) agrees that ___ Salt Lake City ___ Housing Services of Utah can do an inspection of the premises to determine the presence of lead based paint hazards. Performing the inspection does not obligate Salt Lake County to award the grant.

The applicant(s)/owner(s) will be informed of the results of the inspection. I understand that the results of the lead based paint inspections and lead hazard control work must be disclosed if the home is sold or leased.

The applicant(s)/owner(s) further agrees that Salt Lake County will not be held liable for any damages that may occur as a result of the said inspection and subsequent disclosures.

For applicant(s)/owner(s) protection, please list any known allergies or respiratory conditions of family members in the household. Please provide details

I have read and agree with the above information regarding lead inspections, clearance testing, disclosure, lead hazard control, and ongoing lead hazard monitoring.

SALT LAKE COUNTY LEAD SAFE HOUSING PROGRAM
 Blood Lead Testing Information

Children who live in or visit home (visit means at least two days a week, at least six hours a week, and at least 60 hours a year):

Name	Age/Date of Birth	Relationship	Child's Parent/Phone # (if homeowner is not parent/guardian)
1.			
2.			
3.			
4.			
5.			
6.			

If the homeowner, tenant or other resident of the household is the parent/legal guardian of a child under the age of six who is also a resident of the household, they must sign below agreeing to the child or children under 6 years of age blood tested or declining to have child or children under six years of age blood tested for lead poisoning. There is no cost for this test, which consists of collection of a drop of blood from a pinprick on a finger.

My child or children under six years of age has/have been tested for lead poisoning within the last six months Yes ___ No ___ (If yes, please supply copy of test results for file). Test results must be submitted before lead hazard control work can begin.

___ *My child or children under six years of age has/have been tested for lead poisoning, I DO NOT WISH to disclose the test results.*

___ *I would like to have my child or children under six years of age tested for lead poisoning and agree to provide test results to the Salt Lake County Lead Safe Housing Program.*

___ *I am aware that the above property may contain lead based paint hazards, and I DO NOT WISH to have any child or children under six years of age tested for lead poisoning.*

I certify that the above information on residency and visiting is accurate as of the signing date of this document:
